RE: FOIA Appeal -- Control Number COW2019000066

To Whom It May Concern:

This letter constitutes an appeal under the Freedom of Information Act (FOIA), 5 U.S.C. § 552(a)(6), concerning the USCIS's failure to adequately search for and disclose records responsive to my FOIA request, COW2019000066. I briefly describe the history of this FOIA request before explaining the specific items and the reasons for my appeal.

I originally submitted to USCIS on August 6, 2020. I received an acknowledgment letter in the mail on October 16, 2018. This acknowledgment letter assigned control number COW2018000954 and asked me to "certify" within 30 days of receiving the letter that I wanted the records. I submitted a signed certification letter on October 16, 2018. On January 14, 2019, I discovered by going on FOIA online tracker that my request was closed without any explanation. When I sought an explanation from the FOIA Office, I received an email on January 17, 2019 that the closure was due to error on the FOIA Office's part. On February 7, 2019, I received by email an acknowledgment letter reopening my request under a new control number, COW2019000066. On January 10, 2020, I received an email from the FOIA Office indicating that responsive records had been uploaded on <https://first.uscis.gov>. However, no such records were found on the website.

After repeated inquiries with the USCIS Office, on January 28, 2020 I received by mail a CD containing a PDF document constituting the final action letter dated January 23, 2020, and the following nine separate Excel files: TRK_4560_1(Redacted).csv; TRK_4560_2(Redacted).csv; TRK_4560_3(Redacted).csv; TRK_4560_4(Redacted).csv; TRK_4560_5(Redacted).csv; TRK_4560_6(Redacted).csv; TRK_4560_7(Redacted).csv; TRK_4560_8(Redacted).csv; TRK_4560_N400_Rec_13Sep2013-6Aug2018_notes.xlsb.

I am appealing USCIS's incomplete and inadequate production as described below.

Page 2

1. **Cut-off Date:** My request pertained to records “between September 13, 2013 and the present.” The data production contains records with the “receipt date” of September 13, 2013 through August 6, 2018. **I am appealing the cut-off date of August 6, 2018, as August 6, 2018 is the date I submitted my FOIA request, not the date of the data extraction.**

On my certification letter filed with the FOIA Office on October 16, 2018, I wrote: “the cut-off date for the data should be the completion date of the data extraction. The acknowledgment letter notes expected delays in producing the responsive data. By the time I receive the FOIA response, I expect the data will be very outdated if the data cut-off date is August 2018.”

2. **Anonymized ID:** In my August 6, 2018 request letter, I requested “an anonymized ID to identify the individual both within a single table and across separate tables or outputs if the data is provided in separate tables. To allow for identification of the same individual over time, individuals with records across multiple fiscal years should be assigned unique IDs that stay the same across separate tables associated with different fiscal years.” The data production does not contain such an ID variable.

An anonymized ID variable is critical for the following reason: The N-400 form allows the applicants to submit multiple answers to a given question item (for example, education and employment history). This means that some of the records in the data production pertain to a single application. Without an ID variable, there is no way to determine whether the records pertain to separate applications or to a single application. The USCIS presumably has some mechanism for linking such records and tracking an individual over time. **I am requesting the production of whatever identifier USCIS uses for that purpose.**

3. **(b)(6) Exemptions:** USCIS withheld information on the following variables by invoking (b)(6). **I am appealing USCIS’s withholding of this information.**

- (a) uscis_receipt_number
- (b) cntry_of_birth_name
- (c) date_of_birth
- (d) city
- (e) county
- (f) zip_code
- (g) employer_name
- (h) total_children_nbr

With respect to the uscis_receipt_number: If USCIS considers the release of uscis_receipt_number to be an unwarranted invasion of personal privacy, USCIS can apply a one-way hash function to this number, which would still allow me to determine whether certain records relate to a single application. A one-way hash function is a

common way of encoding values, including in Excel. Once the encoding occurs, it is not possible for the end user to convert the encoded values back into their original values. There are many one-way hash functions that have been developed, such as SHA-256 (available in Excel), which was designed by the US National Security Agency.

With respect to `date_of_birth`: If USCIS considers the release of the full birthdate of the applicant to be an unwarranted invasion of personal privacy, USCIS should at least provide the year of birth.

With respect to city, county, and zip code: If USCIS considers the release of the applicant's `zip_code` of residence to be an unwarranted invasion of personal privacy, USCIS should at least provide city and county name; or at a minimum, county name or the name of the USCIS field office that processed the application.

4. **Extraction Criteria, Nonsensical Values, and Translation Files:** In my August 6, 2018 request letter, I requested “current translation files for any fields containing coded entries (e.g., data dictionary), and detailed notes on the database query and limitations of the data, including explanations of any changes to the way any given field might have been coded over time.” The data production did not address this request. **I am appealing the USCIS’s failure to provide these explanations and files.**

Below are detailed descriptions of the problems arising from the USCIS’s failure to provide these explanations and files.

- (a) While Excel files 1 through 8 appear to be roughly divided based on the date of receipt of the application (*receipt_date*) the boundaries are fuzzy and overlapping across the files. The extraction criteria USCIS used to generate this data would help address this confusion. **Please explain the precise extraction criteria for each data file.**
- (b) What does a response of “2” mean for all questions in Part 12? It is also the only response for questions 28B-1, 28B-2, and 28B-3. These three questions ask for the number of years, months, and days (respectively) that an applicant spent in jail or prison. For these three questions in particular, “2” does not make sense as a response. **Please either produce corrected data for these fields or explain what the response of “2” means for these questions.**
- (c) Question 9B is represented as a table on the N-400 form. However, all the responses to this question are missing in the files produced by USCIS. **Please either produce the missing values or explain their absence.**
- (d) Question 16 is the lead-in to questions 16A through 16E and reads: “Were you ever a worker, volunteer, or soldier, or did you otherwise ever serve in any of the following...” There should be no substantive responses to this question; all responses

Page 4

should be recorded in 16A through 16E. However, question 16 has “2” as a response category in addition to missing responses. **Please either produce corrected data for Question 16 or explain what the response of “2” means for this question.**

- (e) Question 29 is represented as a table on the N-400 form. However, the response categories appearing in the files are only “Y,” “N”, and missing. **Please explain or produce responsive records.**
- (f) The responses to questions 44B-1 (date registered with Selected Service) and 44B-2 (Selective Service Number) are always missing. **Please either produce the missing responses or explain the missing values.**
- (g) Some of the variables do not appear on the N-400 form. Thus, the interpretation and source of some variables included in the data are unclear. **Please either provide answers to the questions listed below for each of these variables, or produce translation files for each variables from which these answers could be determined:**
 - *disability_flag*
 - Does this variable merely capture the response to Part 2: Question 12 on the N-400 form, or does it also incorporate supplemental data from the N-648 form? Does this variable reflect any sort of administrative judgement of the applicant’s responses?
 - When the value is missing on this variable, does that mean the applicant did not list any disability?
 - What do the following values mean?
 - “Phy”
 - “Sig”
 - “Hea”
 - “Oth”
 - *receipt_date*
 - Does this variable indicate when USCIS received the application?
 - *natz_date*
 - Does this variable indicate the date when the applicant was naturalized? If so, why does this date sometimes precede the *receipt_date*?
 - *adjudication_reason*
 - What do missing values of this variable indicate? Does missing on this variable mean the adjudication on that application is pending?
 - How does this variable relate to the *status* variable? For example, how can an *adjudication_reason* of “Approved” appear in a record where *status* is equal to “Denied”?

USCIS FOIA/PA Appeals Office
Freedom of Information Act Appeal
March 11, 2020
Page 5

- *emp_from_dt* & *emp_to_dt*
 - Do these variables correspond to responses to Part 8 on the N-400 form? If so, do multiple responses in this part in any given application generate multiple rows of data?
 - What does the date of “01JAN9999:00:00:00” indicate?
 - What do missing values of these variables indicate? Does it mean that the applicant did not provide employment information or does it mean the application form did not ask this question?
 - *status_date*
 - Does this date indicate when the application was initially adjudicated? What happens when an adjudication is challenged by the applicant – does the adjudication date get updated to reflect the latest adjudication date?
 - *status*
 - What does the value “Approved - O” indicate, in contrast to the value “Approved”?
 - What does “Admin Closed” mean?
5. **Missing Data:** As shown in the enclosed PDF file of the N-400 form (Attachment A), all of the fields marked as “data omitted” are missing from the data production, and USCIS has not provided any explanations for their omission.¹ **I am appealing the USCIS’s failure to provide these records.**

I look forward to your response within 20 days, as required by statute. See 5 U.S.C. § 552(a)(6)(A)(ii). Should you have any questions about the request or this appeal, please contact me at (650) 248-3855 or by email, eryo@law.usc.edu. Thank you.

Sincerely,

Emily Ryo, JD, PhD

¹ Attachment A uses the following notations to additionally mark the following types of records:

- Fields with non-substantive responses (such as signature lines) are marked as “**omitted but ok**” to denote that even though the applicant presumably submitted a response on the form, I recognize that it is not necessary for USCIS to provide this field.
- Fields with substantive responses that are included in the data production are marked with the **variable_name** appearing in the data production.
- Fields with substantive responses that USCIS invoked exemption in the data production are marked with the “**variable_name (b)(6) invoked.**”
